Farmingville, NY – On December 5, Councilwoman Jane Bonner celebrated the third annual Tesla Tree lighting held at the Tesla Science Center (TSC) at Wardenclyffe in Shoreham. Local scout troops and community organizations were invited to decorate one of eight trees which were then placed along the tower base of the center. The trees are visible from Route 25A.

"The Tesla Center at Wardenclyffe has quickly become a big part of our community and I was very happy to celebrate their third annual tree lighting," Councilwoman Bonner said. "It was great fun and I look forward to join in on this tradition for many years to come."
